10 Year Term Loan Program

Commercial working capital and high-interest business debt refinancing | Partner and borrower eligibility guide

Loan amount	$50,000 to $350,000
Repayment term	10 years / 120 months
Target interest rate	14%–20%; may be higher depending on risk profile
Estimated closing	2–4 weeks, subject to underwriting and documentation
Program fee	5.5% of approved loan amount, deducted from loan proceeds
Availability	All 50 U.S. states; Puerto Rico excluded

1 Eligible uses of funds

• Working capital: General operating liquidity and business working capital needs.

• Refinancing: Payoff of eligible high-interest business debt, including merchant cash advances (MCAs).

• Mandatory MCA payoff: Any active MCAs must be refinanced as part of the new loan; up to 2 MCAs and up to 7 total debts may be refinanced.

• Not permitted: Business acquisitions; real estate development, real estate investment, or other real estate-sector businesses.

2 Minimum borrower requirements

Business history	At least 2 years; 4 years for construction businesses.
Revenue	At least $175,000 annual revenue on the most recently filed business tax return.
Profitability	Positive EBITDA on the most recently filed business tax return.
Credit	Minimum 680 Equifax FICO Score 9 for every 20%+ beneficial owner; hard minimum.
Credit inquiry	Soft credit pull only; eligible to recheck after 30 days.
Ownership / residency	All guarantors must be U.S. citizens or lawful permanent residents; at least 51% of ownership must be held by U.S. citizens or lawful permanent residents.
Business operations	U.S.-based company operations and owners; majority of income must be domestic.

3 Loan sizing pathways

Fast Track | up to $200,000	40% of annual tax-return revenue minus current business debt, capped at $200,000. No DSCR test. Maximum third-position blanket business-assets UCC.
Cash-flow / DSCR | up to $350,000	Lesser of (a) 40% of annual tax-return revenue or (b) 60% of annual tax-return revenue minus current business debt, capped at $350,000. Minimum 1.10x DSCR. Maximum fourth-position blanket business-assets UCC.

Loan sizing is indicative; final loan amount depends on lender underwriting, debt payoffs, and other eligibility requirements.

4 Bank statement requirements | trailing six months

NSF activity	No more than 5 non-sufficient-funds / overdraft items.
Revenue consistency	Annualized qualifying bank deposits must not reflect more than a 25% revenue decline compared with the most recently filed business tax return.
Liquidity	Average ending bank balance must exceed 3 times the proposed monthly loan payment.

5 Security, UCC and guarantees

- Blanket UCC lien on all business assets is required; maximum position depends on the loan-sizing pathway.
- Equipment-specific UCC filings do not count as all-business-assets blanket UCC positions for this screening rule.
- Personal guarantees are required from every 20%+ owner. No separately pledged personal collateral is required.

6 Risk and exclusion criteria

Criminal history	No financial-crime-related felony conviction for any guarantor; no felony conviction within the last 3 years.
Bankruptcy	All historical bankruptcies discharged; no bankruptcy filed within the last 5 years.
IRS balances	Aggregate IRS balances must not exceed $100,000.
Judgments and liens	No active judgments or liens within the past 5 years, subject to program review.
Litigation	No active collection-related litigation and none filed within the last 3 years. Other active litigation is reviewed case by case.

7 Submission screening and closing

- Confirm eligible industry, use of funds, geographic location, time in business, domestic revenue, ownership and credit.

• Collect most recently filed business tax return, trailing six months of business bank statements, and a current business debt schedule including MCA payoff details. Additional lender documentation may be requested.

• Calculate both sizing pathways, verify all mandatory MCA payoffs, review blanket UCC positions and evaluate legal / financial risk items.

• Allow approximately 2–4 weeks for underwriting and closing once the lender receives an acceptable file; timing is not guaranteed.

Program notes

This guide consolidates the September 2026 NEWITY Growth Term Loan criteria, October 21, 2026 partner briefing excerpts, and supplemental operational guidelines supplied for Quidity Direct. Some operational details (including the Equifax model, soft-pull policy, 30-day recheck and closing timeline) are from supplemental guidance rather than the September criteria sheet. All terms are subject to lender confirmation and approval. NEWITY LLC and its affiliates act as lender service providers, not lenders.
